FISH IDENTIFICATION QUESTIONS

- **Circle each fish we identified today!**
- **Fish have families, just like you! Can you draw a line connecting 2 fish on the front of the page that are from the same family?**
- **We can tell they are related because they look similar. Can you circle the feature that the 2 fish have that looks just alike, but not like the other fish?**
- **How many different types of fish did you identify today?**
(Circle one)
1-3 4-7 8-10 more than 10!
- **Did we find a fish today that was not on this chart?**
- **What was it's name?**

GREAT WORK!
