

The City of Sebastian's
NATURAL RESOURCES BOARD

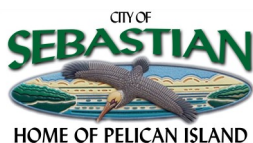

Proudly Presents:

Sustainable Sebastian is a community-wide environmental initiative, consisting of a collection of tasks to be championed by the Natural Resources Board over the next **5 years**, with guidance from City Staff. These tasks were developed in support of the following sustainability goals for the City, its residents, and its businesses:

- 🍃 **Reduction in use of single-use plastics**
- 🍃 **Support ecosystem-friendly landscape practices**
- 🍃 **Provide recommendations for City policies and codes related to natural resources**
- 🍃 **Reducing the City's operational carbon footprint**
- 🍃 **Protect and restore the City's surface water and stormwater quality**
- 🍃 **Promote City's overall livability, connectivity of trails and paths, and nature-based tourism**

Sustainable Sebastian is brought to the residents courtesy of the City Council's continued unanimous support, as established in Resolution No. R-19-30.
